Report on the administration of the Municipalities in the Province of Mysore for 1877-78 and 1878-79

Regd 26-Jan-80

The total number of Municipalities in working during the year under review was ~~77~~ 76, or one less than ~~as~~ in the last year, the Municipality at Madur, a minor station in the Mysore District having been closed, for want of funds, ~~which was~~ opened at Yedahally in the Kadur District. These Municipalities comprise the large towns of Bangalore and Mysore, the Head Quarters towns of the other Districts in the Province all the Taluk Cutcheries (Head Quarters) excepting 6 in the Chitaldroog, 2 in the Kadur and 1 in the Shemoga District, and 15 other minor stations. Their population according

to the Census of 1871 amounts to 481687 which, except in the case of a few large towns, does not correctly represent the present numbers of the population which has largely suffered from the effects of the famine -

Municipal Committees — and Regulations -

2. Forty ~~—~~ Municipalities are administered by Boards of members nominated by Govt - The remaining ~~mini~~ Municipalities in the Kolar, Tumkur, Mysore and Hassan Dts continue to be managed by the executive officers of the Government.

3. The Bangalore Municipality alone is governed by Regulations passed by the Govt of India and therefore possessing legislative authority - A Code of Rules for all the other Municipalities prepared in the form of the Madras Act III of 1871 is under consideration, and will be shortly passed.

8 There was a great want of uniformity and some degree of complication in the assessment of these taxes. They have recently undergone a thorough revision the details of which will be embodied in the ~~forthcoming~~ report for 1879-80

Octroi and House Tax.

9 During the year under notice, no Octroi was levied in the Municipalities of the Bangalore, Kolar and Tumkur Districts generally, and it had but a limited operation in the minor Municipalities,

of the Mysore and Hassan Dis-
-tricts, whilst in the Mysore
Town and in one or two other
stations in that District
an unusually large number
of articles was brought under
the tax - No House tax on
the other hand was collected
in the minor Municipalities
of the Mysore and Hassan Dts,
and in the other Municipa-
-lities in which the tax was
collected, its operation was
much complicated by the
separate collection by the
Govt of an Imperial or Moha
-turfa tax on Houses - In
the Dt Head Quarter Munici-
-palities to which the Govt
Mohaturfa had been made
over in return for their bearing
the entire cost of their Police,
the House Tax was collected
at different rates and upon
different systems on those
who were subject to the Mohā
-turfa and on the Exempted
classes who were liable to a
municipal House Tax alone -
The Octroi in the Kadur
and Chitaldroog Districts
and during a portion of the
Year in the Bangalore Muni-
-cipality

-cipality continued to be levied under ~~Contracts~~ rent which had been previously entered into, so that the collections from the several articles cannot be separately shewn in these Municipa-
-lities - These circum-
-stances preclude any useful analysis being made of the incidence of these main sources of Municipal taxa-
-tion.

Licenses on Trades. 10. These comprise chiefly the receipts from the Mohatarfa on Petty Bazaars, looms and oil-mills made over to the District Head Quarts Municipalities, and the License fees on liquor shops given up by the Government to the Town and Cantonment Municipalities of Bangalore. The larger professions and traders in the Province do not at present contribute either to the Provincial or to the Municipal Income -

Tax on Wheels and Animals - 11. A general License on carriages, horses and animals is levied only in the municipality of Mysore In the Bangalore Municipality

the fees are collected on Ghatkas or Pony-cabs, and single bullock carts usually let out for hire and on Livery-Stable-keepers. While the receipts under this head in the District and Quarter Municipalities consist of the Govt Mohatarfa tax on carts made over to them.

Rents - 12 Under this head are included the receipts from markets, cart-stands, and other buildings and lands, the property of the Municipalities.

Fines - 13 This head comprises the fines collected for breaches of Municipal Rules and other Miscellaneous fines.

Miscellaneous - 14. This consists of the receipts from Cattle pounds sale of manure and rubbish and loppings of avenue trees and other minor collections, and in the Municipality of Bangalore, it also comprises the assessment of cultivated lands within [illegible]

limits made over to the Municipality by the Govt. The proceeds from the sale of ~~building sites and other~~ lands within municipal limits also appear under this head. A loan of 1000 Rs granted by the Government to each of the Tumkur and Chikballapur Municipalities has also been included under this item for want of a separate head for the same, as it cannot well be entered under the head of "grants-in-aid", which are absolutely given away to the municipalities.

Grants-in-aid.

15. The usual receipt under this head consists of an annual grant of Rs 7000 ~~5000~~ made by the Local Government to the Bangalore Municipality for the maintenance of the trunk roads within Municipal limits, and of a grant of Rs. 1200 given by the Madras Government for the conservancy of the main sewers. During the year

report, there were also special grants amounting to Rs. 19,460 made from Famine Funds for the prosecution of certain Relief Works entrusted to the Municipality and for the maintenance of small-pox and Cholera Camps.

Expenditure. 16. The total expenditure incurred during the year amounted to Rs 352381, and was distributed as follows

Establishment Charges. 17. Special Establishments for the collection of municipal taxes are only entertained in the larger Municipalities of Bangalore and Mysore and some of the other District Head Quarters. In the other minor Municipalities generally, the collections are made through the agency of the Village or Taluk Officials who receive a remuneration of 5 per cent. on the collections. The income of these Municipalities, small as it is, is devoted principally to Conservancy for which Establishments of Sweepers and Carts are employed, and any surplus to the construction of drains, to the repairs of roads and to providing wells for drinking water.

Police. 18 The expenditure shewn under Police consists of the contributions made by Municipalities for the maintenance of their Police. These are at present confined to the District Head Quarter Municipalities which, except in

the Bangalore Cantonment, bear the entire cost of their Police. In the Cantonment of Bangalore 1/3rd of the Police charges alone is borne by the Municipality and the remainder by the Govt.

Lighting

19. Arrangements for lighting exist only in the larger and District Head quarter Municipalities of Bangalore, Mysore, Shimoga and Chikmagalur and but to a small extent in Chitaldroog and Hassan.

2 Excepting the town of Seringapatam, Hunsur and Talkad, in which there has been an increase owing to certain refunds, the receipts in all the Municipalities in this Division were below those of the previous year. The amount of the decrease varied from Rupees 56-11-3 to 0 Rupees 9748-14-6 in the Mysore District, and from Rupees 30-13-11 to 0 Rupees 1773-10-0 in Hassan, maximum in the town of Mysore and minimum at Nagamangala. This is attributed chiefly to the diminished consumption of Ghee, Arecanut, Jaggery, Tobacco, Lamp Oil Seed and Piece goods in the Town of Mysore, and Tobacco and Piece goods in the remaining Municipalities.

4. Excluding Taluks in the Mysore & Nuggur Districts

in the Hassan District, in which there has been little or no Expenditure, the outlay in the Municipalities in this Division during the year, varied from Rupees 56-14-0 to Rupees 75086-1-10, the largest amount being in the Town of Mysore, and the smallest at Attikuppa. There has been a decrease of Rupees 16681-2-3, or nearly 17 per cent, as compared with the Expenditure in the previous year. The Municipal operations during the year consisted chiefly of repairs to existing roads, side drains &c., owing to want of sufficient funds.

The unexpended balances at the credit of the Municipalities in the Mysore District at the close of the year were Rupees 39582-8-11½, against Rupees 48540-4-½ of the previous year.

6 The Amount at the credit of each Municipality at the close of the year, varied from Rupees 58-5-9 to Rupees 30,319-14-½, the Largest Amount being in the hand of the Municipality at Mysore.

7 The information regarding the balance in the Hassan District has not yet been received.

8 The Municipality of Mysore has for several years allowed a large balance to remain in hand

unexpended, owing, I believe, to a want of well considered projects; for there can be no doubt that the money could be very usefully spent.

Office of the Cantt. Municipal Commission

From

The President,

Cantonment Municipal Commission,

Bangalore.

To,

The Secretary to the

Chief Commissioner of Mysore.

Sir,

Duplicate Despatched

I have the honor to submit a brief Report on the working of the Cantonment Municipal Commission together with statistical Returns connected therewith for the official year 1877-78, and to state that the annual consolidated Report will be furnished in due course.

I have the honor to be
Sir
Your most obdt. Servt.

President
Cantonment Commission
Bangalore

A Brief Report of the working of the Cantonment Municipality together with Statistical returns connected therewith for the official year 1877-78.

Regulations in force

The Municipal administration has continued to be conducted under the Bangalore Municipal Regulations of 1871 by which the Cantonment Municipal Commission is composed of a President 12 District and 6 Ex Officio Members all of whom are appointed by the Chief Commissioner and not elected by the rate payers.

Municipal Receipts—

The Estimated Income for the year exclusive of Rs 4000, the balance that it was anticipated would be carried over from the previous year was Rs 1,25,640 and inclusive of this balance the total receipts for the year under report

Report were estimated at Rs 1,29,640 the actual receipts under the General head classified in Statement I amounted to Rs 1,05,918-9-8 and in adding to this amount Rs 8,200 the amount of Contributions included in the Budget Estimate of receipts and Rs 1724-13-2 the actual balance on hand at the close of the previous year, the total Income at the disposal of the Municipal Commission to meet the outlay under the several Sanctioned items of Municipal Expenditure amounted to Rs 115843-6-10 or Rs 13796 9 2 short of the Budget Estimates.

In appendix I the items in which occurred a large falling off are shown and the circumstances which led to the deficiency in the Estimated Income are fully explained.

Under head Octroi a deficiency of Rs 4,601-14-6 is exhibited which was due to a sum of Rupees 3,478 being due to the Cantonment Municipality by the

this Octroi Contractor at the close of their Contract on the 31st December 1877, and a sum of Rupees 1,223 the amount of Cost incurred in carrying out the Collections departmentally from 1st January to 31st March 1878. On the event of the Contractors Application for a remission being granted by the Chief Commissioner Rupees 3,478 will yet be realized and carried to the credit of the Current years Income.

Under head II Jail Department, Building and Land, a sum of Rupees 4290-8-3 stands due under distraint warrants and notices of Demand, and this deficiency may justly be considered due to the distressed state of the majority of the poorer classes of the Jay Jayanig Community of the Cantonment from a prolonged famine, it is satisfactory to note however that by the exertions of the Assessor and Collector and his Establishment nearly one half of the amount due has been realized since the closing of the years accounts.

In Chief Commissioner's Proceedings No 2327/Rev 40 dated 8th June/46, the revenue realized on Crude Land within Town and Cantonment Municipal Limits was transferred to the Town and Cantonment Municipalities and a sum of Rupees 4392 was provided in the Budget of the Cantonment Municipality, the total amount placed at the disposal of the two Boards during the year on this account as per Chief Commissioner's Proceedings No 3716/Mul 364 of 25th February 1878 was Rs 4,955-7-11, of this the share of the Cantonment Municipality was only Rs 2,477-12-0 or 1,914-4-0 short of the Estimated receipts under this heads.

The Subjoined Table exhibits the revenue derived from Taxes authorized by the Regulations. Viz.

I Octroi on Tobacco, Betelnuts and Betel leaves.

II Tax on Houses, Buildings and Lands.

III Liquor Licence fees as also the amount realized from other miscellaneous items viz

Rents of Market Stalls Fees from Cattle Pounds.

Pounds &c as detailed in appendix I
and the ratio each bears on the Total
Population of the Cantonments 81810
as per last Census.

Taxes.	Amount Realized	Incidence per head of Population
2/3 share of Ratio on Tobacco, betel nuts & Betel Leaves.	37,131-1-6	"-7-3
House Assessment including Mohurfa Tax	27,709-7-9	"-5-5
Liquor Licensi Fees	23382-"-"	"-4-7
Miscellaneous.	17,696-"-5	"-3-6

The Capital realized by sale of waste ratio and funded in the Bank now amounts to Rupees
24,043-6-6
During the year under report a sum of Rs 16,760 was placed by Government at the disposal of the Municipality from the Famine Grant and which together with a balance of Rs 3,078-1-3 remaining unexpended at the close of the previous year raised the amount thus placed at the disposal of the Municipality to Rs 19,838-1-3 of this amount Rupees 19,306-7-8

19,506 4- 8 was expended on sanctioned works leaving unexpended at the close of the year the sum of Rs 331-9-4.

The total Expenditure under the several heads so exhibited in the Table which is here appended amounted to Rupees 10026 1-12-8 leaving a balance of Rs 7,381-10-2 to be carried to the credit of the ensuing year. A detailed and classified statement of the Expenditure is given in Form C

The Lighting of the Cantonment during the year cost Rs 8362-2-6 against Rs 8816-2-1 in the previous year the reduction in the cost is due to the contract rates having altered from Rs 2-0-0 to Rs 1-12-0 per Lamp

From

from 1st January Last.

Mortuary Returns.

The Mortuary Returns show the number of Deaths during the year to have been 6068 against 2855 in the previous year being a ratio of 74.2 per 1000 of population The increase is very considerable and is due to the severe distress that prevailed throughout the year it must be borne in mind however that in these returns are included many non-residents of the Station and who had flocked into Bangalore from the neighbouring Districts in the hope of obtaining either food or employment.—

A Brief Report of the working of the Town Municipality for the Official year 1877-78.

Regulations in force.

The administration of Municipal affairs has continued to be conducted under the Bangalore Municipal Regulations of 1871 under the provisions of which the Municipal Commission is composed of a President 6 District and 4 Ex Officio members all of whom are appointed the Chief Commissioner.

During the year the following changes have been effected in the Composition of Board Messrs Shivana Chetty and Yacambara Sahoojee Commissioners of the 1st Division vacated office, their full term of service having expired and have been replaced by Messrs B Ismay Gungaiah and A S Ragava Charlu Moongamma Chetty the 2nd Division has likewise vacated office on the expiration of the term of service and Mr A. Seenivasaiah has been appointed in his room. Messrs P. Shadakhara Row and Muthoosawmy Iyer were appointed to the 3 Division in room Ramaswamy Chetty deceased and Mr Roy Chetty whose term of service had expired

In filling up these appointments attention was given to the circumstances that the parties selected should not merely be men of some position and influence but that they should at the same time possess a competent knowledge of English so as to be able to take an intelligent part in the Board's discussions and exercise a personal influence in improving Municipal administration—

Municipal Finances.

The estimated Income of the Municipality for the year was Rupees 65,460 which with a balance of Rupees 4,453 which it was estimated would be brought over from the previous year made the total estimated receipts to be Rupees 69,913. The actual receipts under the several heads specified in Statement I amounted to Rupees 55,513-1-2 thus showing the actual receipts fell short of the amount estimated by Rupees 14,399-14-10

Appendix I explains the items under which there had been a falling off and the circumstances which led to this falling off may be thus briefly explained—

Under head Octroi, a deficiency of Rupees 2,300-14-11 is shown and which was chiefly due to the fact of the Octroi Contractors having failed to carry out the terms of their Contract in however, the Chief Commissioner has resolved to grant to these parties the exemption sought for by them, the greater part of the deficiency here recorded will yet be made good from the amount of their Security Deposit.

Under head II Rent on Houses, Buil-

Standard and to [illegible] ...ency of [illegible] ...y as contributed to the disturbed condition of the larger part of the pay paying Community, owing to the prevailing Famine, a certain portion of the amount may yet be made good but at the same time, it might be stated that owing to the impoverished condition of many of the householders Considerable remissions will necessarily have to be made.

Under head III Pay on Professions and Trades a falling off of Rupees 3,999-3-11 is shown and which was entirely due to the causes enumerated in last para

Under head Land Revenue, a sum of Rupees 4392 was entered in the Budget. While the amount received from the Revenue authorities was only Rupees 2,477-11-11 thus showing a falling off under this head of Rupees 1,914-4-1

The subjoined table by tribute the income derived from the several taxes authorized by the Regulations and the incidence of each per head of population 60,703.

Taxes	Amount realized	Incidence per head of population
1/3rd share of Cotton on Tobacco, betel, nuts, and betel leaves.	18,566-1-1	" — 4 — 10 3/4

amount included during Rs 2,477-11-11 the revenue on Land & written Limits —	10570-5-[illegible]	" — [illegible]

The total expenditure amounted to Rupees 54,522- 3- 1 leaving a balance of Rupees 990- 14 1 to be carried over to the credit of the ensuing year. I subjoined is a list showing the expenditure under each of the several heads and the ratio each bears to the total expenditure.

General works.

The Budget allotment under this head was Rupees 7,500 but as soon as it became evident that there would be a large falling off in our estimated income, the carrying out of several of the less important and pressing of these works was deferred and the expenditure curtailed to Rupees 5727

Rupees to this Division & Works actually carried out during the year but owing to insufficiency of funds only Rupees 3,213-7-5 have been paid to the Contractors leaving a balance due to these parties at the close of the year of Rupees 2506-3-5 and which will be paid to them as soon as the large amount of arrears now remaining uncollected have been made good

7. Drains

During the year 6872 Running feet of Section drains and 2948 Running feet of Log drains have been Constructed at a cost of Rupees 4392.

Compensation -

The Budget allotment under this head was Rupees 2,000 but for the reasons already detailed only the more pressing works were undertaken and the actual Expenditure incurred under this head amounted to Rupees 446 11-10

Repairs.

The total Expenditure under this heads including Log of Kalvats amounted to Rupees 5297 7-9 of which Rupees 3360-7-2 was incurred in maintaining in repair the Several road and Canes written the Petta Culverts and Rupees 1215-4-1 in Minor Repairs to Drains, Cleaning out Public Wells and repairs to Municipal Markets, Latrines &c

Police

The Police charges for the year amounted to Rupees 21,320 or to nearly the 1/3 of the total Income of the Municipality

Conservancy

The expenditure under this head amounted to Rupees 2257-4-8 against Rupees 2070-1-8 in the previous year. The increase being due to an increase in the number of lights and also to the purchase of additional dumping carts.

Miscellaneous.

The expenditure under head Miscellaneous amounted to Rupees 4,948-15-8 of which Rupees 2253-11-8 inclusive of a Contribution of Rs 1000 granted by Government were expended on the Maintenance of the Cholera and Small pox Camps.

Mortuary Returns.

The Mortuary Returns show the number of Deaths to have been 3663 against 1994 in the year previous thus showing a death rate of 60.3 per mille of population. It might be stated however that the Pettah for a large part of the year was crowded with Paupers from the outlying districts and suburbs and that the deaths occurring among these classes have all been included in these returns.

Sir,

I have the honor to submit the following report on the administration of the Municipalities in the Division for the year 1877-78.

2. The number of Municipalities remained the same as in the year previous -

3. The estimated income from all sources for the year was Rs 47,658, and the actual income exclusive of an opening balance of Rs 30,376, amounted to Rs 45,315 which compared with the previous year's income of each Municipality shows the following results -

No.	Municipality	Income 1876-7.	Income 1877-8	Increase	Decrease
1	Shimoga	14632	13702	"	930

	Total	48984	45315	2750	6419

net decrease 3669

4. The income of 1876 77 was however swelled by grants in aid of 1000 Rs to each of the Municipalities of Shimoga & Chitaldroog. Taking this into consideration the real decrease is only Rs 1169. There was a falling off of Rs 1203 under "Octroi" in Davangere, where the right of collection was put up to public auction but the bids being unduly low, the case was collected under "amani". The decrease collectable against Shimoga is mainly under "Piece Goods" which the Deputy Com[missioner] ascribes to a less demand for that commodity. The increase in Chickmagalur is under the two heads "Octroi" and "Schooling Fees" the former due to brisk competition at the time of auction —

5. The statement below shows the income of the Municipalities under each main head for the past two years —

8. In the Expenditure of Rs 12620 in the Shimoga Municipality during 1876-77, has been included the repayment of a loan of Rs 1000, so the real decrease is only 831 which as well as in the case of other municipalities was due to a comparatively limited outlay on original works. The increase of Expenditure was under "Works" in Sagar and Birur and under "Conservancy" in Chickmagalur & Kadur.

The

The Sum of Rs 322 against Agadahully for 1876-77 represents expenditure for only Six months in that year - Hence the Increase of Expenditure during 1877-78 by that Municipality -

The Services of 25 convicts were obtained from the Shimoga Jail for the special purpose of aiding Conservancy measures along the river bank & prevent the pollution of the water - The Municipality pays for the guard of these convicts at the rate of Rs 44 a month -

4 Of the 3 items of direct taxation "Octroi" "House tax" and "Mohotunga" the first realized Rs. 7266-8-10 in this agency Rupees 6016-12-1 in the previous year

The

The increase of Rs 1249-12-9 is chiefly attributable to the completion of the Contract of the Chittagong & Burma Municipalities the second & third together show an increase of Rs 763-6-9 which is owing to large amounts of current years demands standing uncollected especially in the Municipalities of Ramree, Kadur & Tavoy in all of which famine prevailed.

3 The incidence of Taxation per head of the population of each town was as follows:-

Names of towns	Population	Taxation for 1877/78			Incidence per Head			Remarks
Kadur	3021	99	"	"	.	"	6	
Burma	3213	579	14	7	.	2	7

Chittagong	3975	5640	4	"	.	15	1	
Total	21412	7266	8	10	.	5	5	

The highest rate was " - 15 - 1 per head in the Chittagong Municipality which is steadily improving in prosperity -

6. It will be seen that the amount of Cattle pound Collections

this

has been exceeded first time
year previous by Rs 817-13-7
this may be some extent be
attributed to some of the fur-
nitures etc of the profile not re-
presented here - responded to the
requisite their utter inability to
feed them and pass the Provisions.

7 Considerable improve-
ment has been made in the Dis-
trict School at Chittagong
the amount of fees realized in
this year being Rs 1148-9-6 against
Rupees 783-4- in the previous
one in which however the credit
was only given for months.

8 The items of revenue
that come under the head "Mis-
cellaneous" call for no remark
being of a fluctuating character.

9 The total expenditure dur-
ing the year was Rs 17538-4-3 Expenditure
against Rs 16343-13-6 in 1876/77.
The increase of Rs 1194-6-9 is
due to the grant of Lumsum al-
lowances to Municipal Servants
drawing Rs 15 and under vide
Chief Comrs Notification No 430
dated 13th March 1877.

10 The surplus that has

accrued

incurred during the last three years is shewn below, the details whereof are given in the Statement No. II; for each Municipality.

Report on the administration of Municipalities in the Chitaldroog District for the year 1877-78.

The total income of the three Municipalities in the District for the year 1877-78 was Rupees is 7,157-9-7 which, together with the balance on hand on 1st April 1877 viz: Rs 5,277-1-4 made up Rupees 12,434-10-11 available for Expenditure during the year under report.

The income under each of the heads composing the Municipal Revenue was as particularised in the following Statement, which will also shew the comparative results under the same between the years 1876-77 and 1877-78.

No.	Items	Income of 1876 77			Income of 1877-78			Increase			Decrease		
1	Octroi duties	3246	4	11	1,890	3	11	"	"	-	1,356	1	"
2	Mohaturfa	2,266	6	-	2164	"	-	"	"	-	102	6	-
3	Municipal House tax	3302	1	8	2,512	11	7	"	"	-	789	6	1
4	Duty on Piece Goods	127	"	9	186	7	8	59	6	11	"	"	
5	Miscellaneous	1,753	5	3	404	2	5	"	"	-	1,349	2	10
	Total	10695	2	7	7157	9	7	59	6	11	3,596	15	11

Net decrease Rs 3,537-9-0.

Octroi duties.— The decrease of Rs 1356-1-0 was chiefly owing to the fall in the Collections made in the Davangere and Harihur Towns as will be observed.

observed from the following particulars:-

No	Names of Towns	1876 77			1877 78			Increase			Decrease		
1	Chitaldroog	1120	"	"	1178	12	"	57	12	"	-	-	-
2	Davangere	1547	6	11	344	13	3	-	-	-	1202	9	8
3	Harihur	578	14	"	366	10	8	-	"	-	212	3	4
	Total	3246	4	11	1890	3	11	57	12	"	1414	13	"

Net decrease ~~Rs~~ 1356-1-"

As it will be observed in the above, there was a fall of ~~Rs~~ 1202-9 8 in the collections under the head in question in the Town of Davangere. The right of collection was as usual, sold by Public auction but the bid offered being very low it was not accepted. The collection was then undertaken by Government and an extra Establishment consisting of 4 peons on a monthly salary of ~~Rs~~ 4-8-- per each. was entertained for the purpose. Deducting the cost of establishment the net collections amounted to ~~Rs~~ 344-13-3. This comparatively small income was the effect of the fall in the trade of dutiable articles.

In the other two towns, namely, Chitaldroog and Harihur, the right of collecting octroi duties was given on Contract for Rs 1178 12-"

and ~~Rs~~ 366. 10. 8. respectively. By this arrang-
- ment there was a net decrease of ~~Rs~~ 153. 7 4.
under this head as compared with the receipts
for 1876. 77.

2. Mohaturfa. — Under this head there was a falling of ~~Rs~~ 102-6-- in the Chitaldroog Town

3. Municipal House tax. — The income under this head for the year 1877 78. as compared with that of the previous year exhibits a decrease of ~~Rs~~ 789. 6. 1 as follows. —

1 Chitaldroog.	~~Rs.~~	286 - 11. 11
2 Davangere —	~~Rs~~	438. 2. 2.
3. Harihur —	Rs	62 - 8 - --
	Total ~~Rs.~~	789. 6. 1.

The reason assigned for it is that, in Con-
- sequence of the famine, the poorer Clapes
of people were unable to pay up their taxes,
and, in several instances, they appear to have
even sold all the wooden materials as well as
tiles &c of their houses. to meet their immediate
wants, leaving only the bare walls to stand.

4. Duty on Piece Goods. — This is levied only in the Town of Chitaldroog. There was an increase of ~~Rs.~~ 59. 6. 11. under this head.

5. Miscellaneous. — The decrease of ~~Rs.~~ 1349. 2-10 under this head for the year under review was due to the following circumstances

During the year 1876. 77 a sum of Rs 1,000. was granted from the Local funds to supple-
- ment

-ment the Municipal allotments for the "water supply Project." of the Chilaldroog Town. This swelled the Receipts under the head for that year to the sum of ~~Rs~~ 1,753-6-3. Even deducting the above said sum of ~~Rs~~ 1000 there from there is still a difference of ~~Rs~~ 349·2·10. This is due to the variations in the Receipts Com=-posing the head "Miscellaneous" and it therefore requires no Comment upon it.

Municipal Expenditure. — The details of Expenditure incurred in each of the three Municipalities for the Works and for Establish=-ments are given seperately in the Statements marked A. and B. appended to this report.

The total Expenditure under the two heads amount to ~~Rs~~ 10326-0-9. deducting this from the amount in hand on 1st April 1877. there remains a balance of ~~Rs~~ 2,108-10-2. at the End of the year under reference.

Petty Conservancy Establishments were kept up in the following Towns:— The par-ticulars of Receipts and Expenditure were as shewn here under:-

4. In the beginning of the year there was a cash balance of Rs. 12,209-13-11

and the income for the current year amounted to Rs 20,109-7-1, making the total receipts available for expenditure during the year Rs 32,319-5-". The receipts of 1877-8 as compared with that of 1876-7 are shewn below:—

	1877-8			1876-7			Increase			Decrease		
I Octroi —	6901	2	5	8517	"	5	"	"	"	1615	14	"

Total Rs —	20109	7	1	21943	6	5	2165	10	11	3999	10	3
										Net decrease Rupees —	1833	15	4

Deducting the grant-in-aid of Rs. 1000, which was granted in 1876-7 as a Special case for famine relief, the decrease of revenue amounts to Rs. 833-15-4. The decrease under Octroi has taken place mostly under the head of cloth, the importation of which was much less than in the year previous owing to the reduced means of the people during the famine.

5— The demand of House tax for 1877-8 was Rs. 5,748-8-9 against Rs. 5450-5-", shewing an increase of Rs. 298-3-9. The increase took place in Shikarpur and Jirthalli. The actual collections

including the balance of previous years exceeded that of 1876-7 by Rs. 457-1-5.

6. The Mohaturfa collections are made over to the Municipality only in the town of Shemoga. The Mohaturfa Jamabundy for the year under report amounted to Rs. 5080-8-" against Rs. 5241-8-" shewing a slight decrease of Rs. 161-"-"-. The actual collection however amounted to Rs. 6,285-2-3 as a large part of the outstanding balance of the previous year was recovered.

7. Under the head Miscellaneous, the actual decrease is only Rs. 383-12-3; as the revenue of 1876-7 includes a nominal amount of Rs. 1000, as explained in that year's report.

8. The outstanding balances of house tax and Mohaturfa that remained uncollected at the end of the year are noted below.

Shemoga Town.	House Tax.	1341-14-4
"	Mohaturfa	3370-15-11
Other Municipalities	House Tax.	2457-2-2

but most part of these balances have since been recovered.

Expenditure. 9. The total amount spent

during the year amounted to Rs 17,539-7-4 or Rs. 4128-"-11, less than in the previous year. but the Budget grant for Expenditure was Rs 19466-only against Rs. 24,617 in 1876-7. The Budget grant the amount spent and the balance that lapsed at the end of the year under report, in all the municipalities are shewn below.

10. The lapse of a large amount in the Shemoga Town was the result of the following causes.

Rs. 100. provided for the reconstruction of a new bridge in the Pindare Street, was not expended as the old bridge was considered to be sufficiently substantial for the present.

100. was provided for Compensation for lands taken up. but there was no occasion for expending it.

250. provided for clothing to Police Peons

was not expended as the clothing supplied the year before was in good condition.

140. Provided for the renewal of publish carts but none were needed.

165. Provided for the repair of Municipal buildings was not expended not being required.

50. Provided for reward for killing snakes but nothing was expended on account orders have been issued to the Members to see that the promise of rewards is made more generally known.

59. Savings effected by employing only two Kanakas instead of three as sanctioned in the Budget for looking after avenue trees.

The remaining savings have occurred in the pay of Establishment and other Miscellaneous headings.

11. In Savaii the lapse of Rs. 220-14-4 is chiefly due to the road leading to Chutepute not having been widened as provided for in the Budget, as the project was subsequently considered unnecessary.

The amounts that lapsed in the other Municipalities being small call for no remark.

12. The details of Expenditure are shewn below

Excepting the construction of steps to the Warda river at Saugur at a cost of Rs. 600 and of V shaped drains at Tirthulli at a cost of Rs. 200 no original works were executed during the year in any of the other Municipalities

13 In the town of Shemoga a gang of 25 Convicts were located in the Taluk Cutcherry, and are daily employed in sweeping the town, the cost of the temporary establishment consisting of 1 Guard and 6 peons entertained to guard them being defrayed by the Municipality This accounts for the increase in expenditure for Conservancy. The increase under the

head collection establishment as due certain arrears of the pay of 1876-7 have been disbursed in 1877-8.

14. In consequence of the large influx of prisoners into the Shemoga Jail and the difficulty of finding work for them in it large gangs were with great advantage to the Municipality employed in gravelling and improving the town roads.

Statements in forms prescribed, are herewith forwarded. The Cash balance of the Shemoga Town and the other Municipalities at the close of the year was.

I has the honour to submit the Municipal Administration Reports of the Division for the year 1877-78.

Commissioner,

A report similar to the one just submitted has been prepared in regard to the States in the Division from the Dy. C.

Report on the working of the Municipalities in the Bangalore Division for the year 1877-78.

Number of Municipalities.

1. The number of the Municipalities in this Division remains unchanged for the year under report.

Committees.

2. The head quarters of Taluks, and a few of the more important Towns only are the seats of Municipalities all proposals relating to improvements and sanitation are considered at meetings of the Committees usually presided over by Amildars or Munsiffs under the orders of the Deputy Commissioner who is ex officio President of the each Board.

Population.

3. The aggregate population of the Municipalities (with the exception of the Bangalore Town & Cantonment) shewn in Statement I was computed at 1,48,922 against 1,54,462 for the year previous. The decrease of 5,540 is doubtless owing to the great mortality among the lower classes caused by the famine.

Receipts.

4. The opening balances at the credit of the Municipalities was Rupees 18,928-3-11½ and the actual income during the year amounted to Rupees 14,747-11-9½ as shewn

in the Statement
Form No. I. The
Receipts include the
grants in aid &c as
allowed for the
Towns noted in the
Margin.—

Grant in aid to Vellore	300
Town for Schools Ballapur Town	1000
" for Tumkur Town	1000
Compensation for land taken up for Salem Cutchery & Munsiffs Court at Kolar Town	1000
Total	3,300.

5. The following Statement Shews the Sources of income in each District under various heads and the amount Realized as Contrasted with the year previous.—

Districts	1877-78 House Tax	Miscellaneous	Grant in aid &c	Total	1876-77 House Tax	Miscellaneous	Grant in aid &c	Total	Diff &c

Total	8765	2682	3300	14747	11620	9900	1054	22574	9445

The decrease under this head in the Towns of Bangalore & Kolar Districts was owing to the prevalence of famine which greatly

retarded the collection of Revenue. The Deputy Commissioner of Kolar states that it is under contemplation to propose the introduction of Octroi duty in some of the Towns as the Municipal in some of the Districts which consists chiefly of House Tax, is limited and inadequate.

7. The item of Rupees 1825 under this head in the Tumkur District as shewn in the foregoing Statement includes a sum of Rupees 73 Collections from Octroi against Rupees 253. Collected in 1876-77. in the Tumkur Town only. The decrease arises from the revision of the Tax by the Cloth Merchants Steps have since been taken to ensure the Octroi dues being Collected with greater care It will be seen that Considerable improvement has been made in the Collection of the House Tax during the year when the realizations are Compared with those of the year previous.

Revenue Receipts.

8. The variation in the Bangalore and Kolar Districts was owing to grants in aid from other sources not having been made during the year under Report.

Expenditure

9. The total amount Spent during the year by the several Municipalities was Rupees 22,869-9-7 as given below in detail,

During

leaving a balance of Rupees 10898-3-10 at the Close of the year.—

Districts.	Head Office Clerks	Co Masters	Coomeeahs	Peons	Conservancy	Carriage & Horses	Repairs	Establishment	Miscellaneous	Total
Bangalore	369	30	"	"	3060	929	805	"	2114	7307

Total.	648	56	779	1863	9291	3899	2353	587	3398	22869.

10. The expenditure under this head Head Office Clerks consists of the pay and allowances to the establishment of the Chief & Assistant Commissioners & Districts Officers employed in auditing the Accounts Connected with the several Municipalities.—

11. The Cost of the Town Police in the Kolar District is the same as last years and calls for no Remarks.— Police

12 The aggregate expenditure in the Bangalore District exceeds the Budget grant by Rupees 683 which the Deputy Commissioner reports to be due to the famine allowances paid to Scavangers &c<u>a</u> under the Chief Commissioners Proceedings whilst the Conservancy

the full grant made for the purpose to the several Municipalities in the Amherst District was not disbursed, funds not being available. ——

13. The Amount of expenditure incurred during the year under report was principally in the Construction of V shaped drains in the several Towns. The repairs of the Hillocks in the Kolar Town and the dismantling of the fort walls at Chick-ballapur which were works originally started with the same funds were ultimately transferred to the respective Municipalities. ——

14. The outlay under this head chiefly consists of the upkeep of the Roads in the several Towns. Owing to want of funds it was found necessary to use Convict labor in repairing the roads in the Towns of Municipalities, the Chief Commissioners sanction having been previously obtained to the measure. The Convict labor was terminated at the close of 1879. It is reported that the Towns have as a rule been kept clean. —

Miscellaneous.

15. The large expenditure in the Bangalore District under this head was chiefly in the improvement of the Town of Nagara

as well as in Repairing the Tanks of the Foodgrain Mattes or Drinking Waters Reservoir in the Colicunnapatam Municipality and further includes the last instalment of Rupees 109. paid towards the Repayment of the Loan granted to the Colaspetta Municipality.——

siderable amount of remissions
will have to be made in this above
Amount.

1. The revenue from taxation includes the Mohturfa of the Shimoga Chikmagalur and Chitaldroog towns made over to the Municipalities at those places, which amounted to Rupees 9,695-4-11 as shewn below.

Towns

Towns	1877 78	1878-79	decrease
Shimoga	6,285 - -	5122 2 9	1162 13 3
Chikmagalur	3072 - -	2538 11 2	533 4 10
Chitaldroog	2164 - -	2034 7 -	129 9 -
Total	11521 - -	9695 4 11	1825 11 1

5. The decrease was mainly due to remissions of irre= =coverable balances sanctioned in accordance with the Jamabandi rules laid down by the Chief Commissioner specially for the year 1878-79, and to ~~the~~ larger outstanding balances re= =maining at the close of the year. These were as follows

	At the close of 1877 78.	1878-79
Shimoga	3370-15-11	2788-14-6
Chikmagalur	2184- - -11	447-6-11
Chitaldroog	2426-10- -	2347-11-11
Total	7981-10-10	5624- - -5

6. There was an increase in the revenue from Abkari tax in 11 towns, and a ~~~

decrease in 6.

7. An improvement is apparent in the revenue from octroi in most Municipalities of the Shimoga and Kadur districts. In Chitaldroog there was a decrease in all towns, which is attributed to famine, but since the circumstances of the year were better than that of the year before, such reason cannot well be accepted. It is probably due to less attention being given to the supervision of the octroi collections, since the Amani system was introduced in place of the contract, which formerly existed.

8. A proposal was made by the inhabitants of Nyamti in the Shimoga district that an additional shop tax be imposed upon their

shops

shops in lieu of the octroi levied on piece goods. The proposal is a very good one in principle, since the present tax checks freedom of trade and is open to abuses. Further details have been called for from the Dy Commr. with a view to the question being laid before the Chief Commissioner.

9. The miscellaneous revenue does not call for any special remark.

10. The following table shows the expenditure of the several towns.

No.	Municipality.	Expenditure for 1877-78	Expenditure for 1878-79	More	Less

11. Certain reductions were effected in the establishment of the Shimoga town. The Mohturfa Muttsaddi's post was abolished and the Taluk Gumashta's pay was reduced from Rupees 15 to 10. The post of the clerk in the Dy Commissioner's office with a salary of Rs 30 is proposed to be abolished on the present incumbent being pensioned.

12. Greater attention was paid in the Shimoga town to the sanitary condition of the town, than elsewhere; and several small but useful public works were carried out. Hence there was an increase in expenditure in that town. The same remark applies (—"—) in a lesser degree to the towns

towns of Chikmagalur, Tarikere and Yedehalli.

13. The attention of the Chikmagalur Municipality has been drawn to the want of a supply of good drinking water and to other points calculated to improve the sanitary condition of the town.

14. Shamiengar, Amildar of Kaveripura and Rama= =chender Row Amildar of Kavaledurga have taken a praiseworthy interest in the improvement of their respective Kasbas, the former having formed a small park and the latter built by public subscription a new Chut= =trum for the accommo= =dation of travellers on the bank of Tooriga, but in the other outlying towns the work done by the Municipalities is

almost

almost nominal and must continue so until the receipts are so far augmented as to admit of works of public improvement being undertaken.

15. The chief public works carried out are shown below.

The Commissioner

Sir,

I have the honor to submit the following report on the administration of the Municipalities in the District for 1878-79

2. No change has taken place in the numbers or constitution of the Municipalities in the District

3. There were at the end of 1877-8, 6 official and 5 non official Members for the Shimoga Town Municipality. The numbers were augmented during the last year to 7 and 10 respectively.

4. At the beginning of the year, there was a cash balance of Rs. 14769-13-8, and the income was Rs. 20409-13-11, making a total of Rs. 35179-11-7 available for Expenditure.

5. The receipts for 1878-9 under the several heads as compared with those of 1877-8 are shown below.

	1877-78			1878-79			Increase			Decrease		
I Octroi	6901	2	5	8237	6	9	1336	4	4	"	"	"
II House tax	5802	13	6	5667	8	10	"	"	"	135	4	8
III Mohtarfa	6285	2	3	5122	2	9	"	"	"	1162	15	6
IV Fines & Dues	1120	4	11	1382	11	7	262	6	8	"	"	"
	20109	7	1	20409	13	9	Net increase 300-6-8.					

6 The increase under octroi has taken place in the town of Shimoga mostly under the head of cloth, the trade in which is recovering from the depression it had suffered during the famine.

7 The outstanding balance of Municipal, House tax and Mohtarfa at the beginning of 1878-9 and the demand for 1878-9 as compared with 1877-8 were.

	Balance at the beginning			Demand for 1878-9			for 1877-8			Total.		
House tax of all towns	3799	"	6	5546	3	"	5748	8	9	9345	3	6
Mohtarfa of Shimoga town	3370	15	11	4901	"	"	5080	8	"	8271	15	11

8 Out of the balance of the years previous to 1878-9, the following sums were remitted during the last Jamabandi by the Deputy Commissioner, under the authority conveyed in the Chief Commissioner's order No 5418/36 dated 15th October 1878.

Mohtarfa. 297-6-4
House tax 88-8-9
385-15-1 which represented the tax due by men unable to pay.

9 The amounts collected during the year were as shown above. Rs. 5122-2-9 & 5667-8-10.

respectively, and the balances at the end of 1878-9 were Rs. 2788-14-6 and 3643-10-6.

Expenditure. 10. The Expenditure for the period under report amounted to Rs. 18088-12-4 against Rs. 17539-7-4 in 1877-8, shewing an increase of Rs. 549-5-0, but the Budget grant for expenditure was Rs. 21983 against Rs. 19466. The amount spent out of the Budget allotment and the balance that lapsed in all the Municipalities are shewn below.

11

	Budget grant			Expenditure			Balance lapsed.		
Shimoga	15302	0	0	12629	2	9	2679	13	3
Chennagiri	904	0	0	825	3	6	78	12	6
Honnali	527	0	0	508	6	6	18	9	6
Nyamti	705	0	0	688	14	1	16	1	11

	21983	0	0	18088	12	4	3894	3	8.

12. The original works completed in the Shimoga Municipality were 15 Covered drains across the roads and streets, a Slaughter house at the back of the market and the Deviation of the road from Mr. Davis house to the road near the Roman Catholic Church.

13. The incomplete works were (1) V. Shaped

drains; the amount provided for which was Rs 2175.
Expenditure during the year ——— ——— 1000.
the drains are under progress

(2) Construction of a pavid ghat to the river in front of Mr. Davis house -
Budget provision Rs — 214 -
Spent - ——— not known. pending bills. 4 -
The work has since been taken up in hand and is under progress -

(3) Contribution for the construction of a well near the Barr line Budget Rs. 263.
The Military Department having Contributed an Equal amount, materials were collected, and the work is under progress.

(4) Construction of 2 Urinals Rs. ——— 86.
These were proposed to be constructed of Corrugated iron, and it was expected that they would be procurable from the dismantled materials of the Sagar Sub. Division Office. But the D. P. W. has preferred not to sell them. The importation of the iron sheets from either Coast would cost more than the amount provided for. Hence it was considered more economical to construct the urinals in the ordinary way as soon as the Current year's Budget is sanctioned.

14 The work done under the head repairs calls for no remark.

15. Under the head of "Collection", the post of the Mohtarfa Muntsaddi (pay Rs 12) was abolished in November 1878. and under the head "Head office" the pay of the Taluk Jemmadar was reduced from 15 to 10 Rs. It has also been decided that the post of the District Clerk pay Rs. 30. should be abolished and an allowance of Rs. 10 paid to one of the Clerks in the English or Revn. Department for doing this extra work, but this reduction can only be brought into force as directed by the late Commissioner, as soon as the present clerk is otherwise provided for. which is not quite easy or feasible with the retrenchments in prospect.

16. The only original works provided for in the other Municipalities were.

1 V. Shapid drains at Tirthahalli Budget provision ——— Rs. 360-0-0
Expended Rupees ——— 290-0-0
the work is under progress.

2. Steps to the Varda river at Sagar. This is an original work Estimated at Rs. 1200. Rs. 600. were spent in 1877-78. The Budget appropriation for 1878-79. was Rs. 400. which was not spent

owing to the Taluk Authorities not being able to procure workers in stone.

17 A sum of Rs. 150 was provided for purchasing an additional rubbish cart and a pair of bullocks for the Sagar town, but the amount was not spent during the year. The remaining Expenses do not call for any notice as they are made up of Savings from the pay of Establishments and from the completed works under original and repair.

18. The gang of 25 Convicts located in the Taluk Kacheri of Shimoga in 1877-8 was employed during the year 1878-9 in cleaning the town. Additional convict labor was further employed on all works in the Municipality, which is charged only with the cost of materials—

19 But for this arrangement, it would have been impossible to keep the streets and roads of the Shimoga Town in their present excellent condition, and I submit that the surplus Convicts can hardly be more beneficially employed. A great deal remains yet to be done, and it is hoped that convicts would be more liberally provided for the purpose. The President and the Board could not

devote more attention to the Town improvements hitherto, as the former Officer came to the District at a time when the reports and Jamabandi settlements were more pressing and took up nearly all his time. But the President hopes hereafter to carry out the improvements and Cleanings shadowed forth in one of the late Board proceedings, which has received the Commissioners approval.

20. It only remains for the Board to offer their grateful acknowledgments to Major Hill, whose lively interest and active supervision have been mainly instrumental throughout the year in bringing the Conservancy of the town to a high state of efficiency.

21. Statements in the forms prescribed are herewith forwarded.

Deputy Commissioner

Shemoga District

Report on the administration of the Municipalities in the Chilaldoy District for the year 1878-1879.

1. The total income of the 3 Municipalities in this District, together with the actual balance on the 1st April 1878, was Rs 10487-1-4, or Rs 1947-9-5 less than that of last year. The decrease in the gross income for the year under Report, as compared with that of the previous year, is attributable to the small actual balance which stood at the credit of the Municipalities on the 1st April 1878, and not to the net income.

2. Of all the sources of the Municipal Revenue "Tax on Houses" is the most important under which Rs 4071-12-- were collected against Rs 2512.11.7, or Rs 1559--5 more in this year than in the last year. The cause of the increase in the collection may fairly be said to the better condition of the tax-payers this year.

4. The following statement will exhibit the amount realized in each Municipality during the years 1877-1878 and 1878-79.

No.	Municipality	Rouelan Houselan realized in 1877 78	realized in 1878 79	Increase	Decrease
1	Thibal Dong	815 1 5	1206 8 6	391 7 1	" " "
2	Davengne	1105 10 2	2197 1 2	1091 7 4	" " "

	Total	2512 11 7	4071 12 "	1559 " 5	" " "

3. Duty on Octroi articles is the next in importance. This was formerly given out in Contract, and during the year under report was worked in Amani as per Chief Commissioner's proceedings No 2627/227 dated 26th October 1877. The difference shown in the collection is very discouraging. Under Contract, Thibal Dong Municipality got Rs 1178-12-" in 1877-78 exclusive of all Cost, while under Amani recovered only Rs 728-5-3. Harichur Municipality likewise had its income, under this Head, reduced from Rs 366-10-8 to Rs 118-1-8. The fall in the income in the Davengne Municipality is surprising. In 1876-77 the

the amount received from Contractor No 1547. It has since been worked under Amani and the income has been Rs 344-13-3 for 1877-78 and Rs 360-6 for 1878-79. The reason for the decrease is said to be the famine, and I hope better results will be shown next year

B The statement annexed below will show the Receipts under this head, of each Municipality for the last 3 years.

No.	Municipality	Collections of Octroi under a Contract 1876 77	Collections of Octroi if known under Contract & some under Amani 1877-78.	Collections of Octroi under Amani 1878-79	Increase between second two Columns	Decrease between second two Columns	Remarks &c

* Tax on piece goods is not included.

4. Chitaldroog is the only town in this District where tax on piece goods is levied under which Rs 273-3- " were realized against Rs 187- " - " .

5. Miscellaneous Collections in the Chittal Sowcar Town ~~Rs~~ Rs 2031-1 against Rs 2164-4-1 or Rs 129 9 4 less than that of last year. The decrease is due to the remissions made in the famine-lands.

6. Miscellaneous:— Under this head Receipts amounted to Rs 409-3-7 against Rs 590-10 1, the decrease being in the Sale proceeds of Manure &c

7. The total expenditure under all Heads is Rs 8488 7-1 against Rs 10326-4-9 the decrease being both in Establish-ment and in Public Works.

8. The expenditure incurred for the Establishment calls for no remark save the additional charge of Rs 66-4-4 under the Head "Despensary charges" in the Dameygne Town, being $\frac{1}{3}$ of the famine allowance granted to late Veera Samy pully Hospital Assistant by the Chief Commissioner in his proceedings No $\frac{10450}{385}$ dated 16th February 1879. which is debitable to the Municipality of the Dameygne Town.

C. The following are the works executed during the year under Report.

Municipality	Nos of Works	Original Works	Original Amount Spent in 1878-79	Viz	Repairs	Amount Spent in 1878-79

9. The Original Works sanctioned in the Budget for the Chittal Droog Town, were not carried out, owing to the insufficiency of funds at the credit of the Municipality. Hence the total expenditure of Rs 2000-9-1 under Public Works, fell short of that in the Budget by Rs 1219-4 4.

1. The following Table affords comparison of the several items of Municipal Revenue between this and previous years from which it will be seen that on the whole there is an increase of Rs 2,493.4.10 during the year under report

of the three items of Municipal Taxation, Octroi, House Tax, and Profession Tax;

(a) During the year under report, Octroi was collected in Amani instead of the contract system by which the Chikmagalur Municipality has gained Rs 960. 8 6 and Yedehally and Kadoor Rs 125. 0 11 and Rs 71 10 2 respectively. But Koppa and Tarikere Municipalities show a decrease of Rs 333 10 11 and Rs 105 12 3 respectively. On the whole, the Amani system appears profitable.

(b) There was an increase of Rs 1349. 11 2 in House Tax during the year under report, but this increase is chiefly owing to the collection of the arrears of previous years.

(c) For the same reason, there is an increase of Rs 957 2 3 in the collection of Profession Tax in Chikmagalur.

4. The subjoined statement shows the incidence of total income from direct taxation per head and the population of each Municipality during the five-

past year as contrasted with same in the year previous.

+ It will be observed from the above, that the highest rate was Rs 0-15-4 per head in the Chitmaglore Municipality which is steadily improving

6 It will be seen that the amount of Cattle Pound collections this year exceeds that of year previous by Rs 246.1.10 on the whole. The increase has been chiefly in the Chittmaghor Town.

7. The School at Chittmaghor only realized Rs 357/- against Rs 536.8.6 in the previous year.

8 The other items of Revenue under the head Miscellaneous need no remarks being of a fluctuating character.

II Expen

9 The total Expenditure during the year was Rs 17788.7.6 against Rs 17538.4.3 in 1877.78. The increase of Rs 250.3.3 is due chiefly to the payment of salaries to the Central Establishment newly sanctioned (Vide Chief Commissioner's Proceedings No: 2369.70 / 194 Jud dated 4 November 1878.

Election Agency 12. No Change was effected in the establishment of Collection this year except in the Petrai which accounts for the increase.

Head Office Charges 13 The increase under this head is owing to the proportionate salary for a few months of the District Office Clerk which were unpaid at close of the previous year by some of the Municipalities and Rs 80. 3.2 having been paid this year as per Re-appropriation Statement Sanctioned in the Chief Commissioner's Proceedings No: 4023/356 dated 26th March 1879.

Police 14. No material Change has been effected under this head.

15 There is a decrease of Rs 132. 4. 9 which is attributed to the grant of Famine allowance paid in 1877-78.

16 No Lamp Posts were purchased this year. Li
Only a small quantity of oil was purchased at a lower rate to last during the year with the surplus of the last year.

17 The decrease is owing to the savings E
of Rs 20/- per mensem effected in the pay of the Head Master, his pay being Rs 80/- only during the year under report.

18 It will be seen that Rs 2997. 7. 0 have been spent on original works which are shewn in the accompanying Statement No: B

19 Out of the Reserve grant of Rs 526 Reserv
sanctioned for the Town of Chikmagloor, a sum of Rs 200/- was spent towards constructing a Latrine near the Market place

No 324-25 dated Mund 22 25th April 79. The question whether the duty in question which does not exist in any other part of this Division — cannot with advantage be abandoned already engages the attention of the Jaintia Municipal Board and will shortly be dealt with finally.

7. The sale proceeds of manure during the year amounted to Rupees 298 against Rupees 8 in the previous year; the increase was due to the large quantity of manure which had accumulated in the previous year when, owing

The Convicts of a small jail like the one in this place are best employed on Municipal road work- and I have applied separately for Convict labor for a further period being allowed to the Municipality free of cost, an application which I was compelled to make owing to the reduced condition of the Municipal Funds

10. In addition to the above the Chief Commissioner was also pleased to sanction in the year 1877-78 a loan to the Timkur Municipality of Rupees 1,000 from Local Fund General to be repaid without interest at the close of 1879-80. This loan was

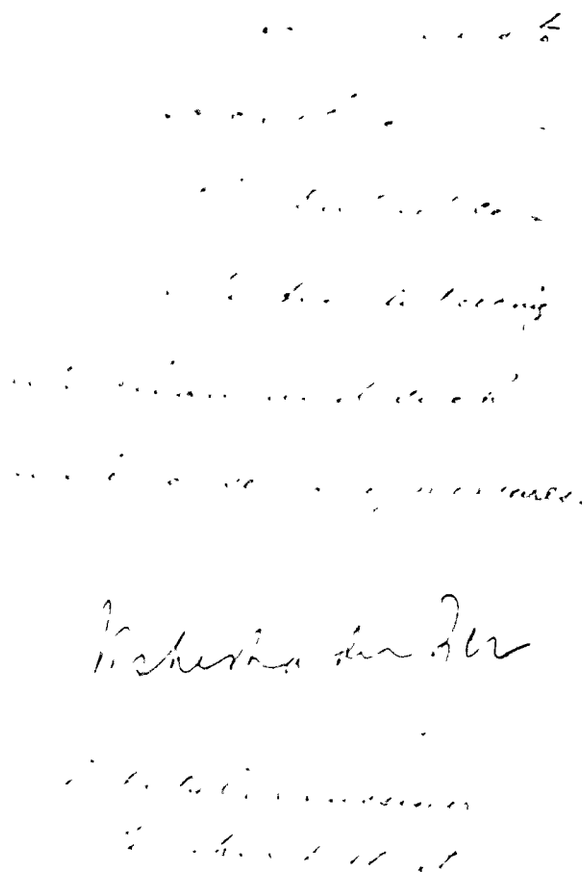
The Chief source of income from which the Conservancy Establishment is maintained is the Municipal House Tax which if revised as above stated the strength of the Establishment has to be considerably reduced



reduction in Expenditure,
and I believe it would be
sufficient for some years to
come of most of the Munici-
-palities in this District con-
fined their attention to keeping
the streets clean and such
other simple Conservancy measures.
